Thank you for your internet representation made on 9th June 2020 which has been recorded as an objection with the comments as follows:

OWPC27619

The main road between Pagham and chichester is already overloaded at peak times, long queues at all road junctions, then if you go via north bersted, then you start queuing in chalcraft lane, even before you get to the new bypass roundabout.

This area has already too many houses, there is just not enough infrastructure, even before new houses are built, impossible to find a doctor, dentist, school, we all know it, so why make this matter even worse. more houses will cause more flooding, more road jams, and all our lives will be worse for it.

I don't see thousands of people in the streets wanting to buy new houses, it will only draw more people from London, this area doesn't need more housing, its just the local council, having to agree to what central government wants, the local council should be sticking up for the local residents, and not going against what we want, and remember we voted for you, so you should be looking after our interests.

Your views as made above will be considered before the application is determined.
