Dear Sir

I should like to raise an objection to the revised plans submitted by Taylor Wimpey in respect of homes being build on this site, particularly as a previous submission has already been considered and refused and the grounds for that refusal, in the main, still exist.

Coupled with this it has become evident over the past two winters how this entire location is prone to severe flooding which impacts greatly on both the farmland and roads.

I hope you take this email and comments into consideration when making the decision.

Regards

Carol Penny
