Date: 6/4/2019

Dear Sir/Madam

Hook Lane P/30/19/OUT

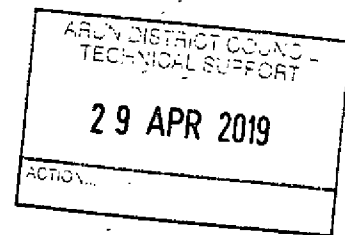

ALONG WITH THE OTHER PROPOSED DEVELOPMENTS IN THE PAGHAM AREA, THIS WILL JUST BRING THE ROAD INFRASTRUCTURE TO A COMPLETE STANDSTILL. ALSO WHEN IT RAINS YOU ONLY HAVE TO SEE THE FLOODING IN THE FIELD AND IT THEN OVERFLOWS ONTO PAGHAM RD AND HOOK LANE. WITH HANDSTANDING FOR NEW HOMES IT WILL ONLY MAKE THE WATER STANDING WORSE.

IF Cllr BOWEN CAN ADVISE W.S.C.C CHICHESTER NOT TO GO AHEAD WITH EXTRA BUILDING WORK UNTIL THE INFRASTRUCTURE HAS BEEN UPGRADED, BUT THE SAME Cllr HAS GIVEN GO AHEAD TO EXTRA HOMES IN PAGHAM.

DUE TO THE PROPOSED DEVELOPMENT IN PAGHAM THE HEARINGS SHOULD TAKE PLACE IN PAGHAM AREA AND NOT LITTLEHAMPTON, AS MANY ELDERLY PEOPLE WOULDN'T BE ABLE TO GET THERE. PAGHAM VOICES NEED TO BE HEARD.

Dear Sir/Madam

Hook Lane P/30/19/OUT

I have just attended a meeting of Pagham and Andwicks Green fields Action Group, and am very concerned that should the Development of the above go ahead it will create havoc on our infrastructure and gridlock our roads. We do not have enough Doctors and Schools to support extra houses in our area, but the main concern is, with most homes having 1-2 cars this additional transport will make it a nightmare to get out to work, to school, to have the quality of life we presently have.

When I drive out of my home to travel along Hook Lane to go to work, shopping, pleasure I feel free and happy with the space and fields around... If this Development goes ahead, my quality of life will be compromised.

Yours Faithfully

Dear Sir/Madam

16 A BECKERS AVE
ADAM'S BAY ESTATE
PO21 4LX

Hook Lane P/30/19/OUT

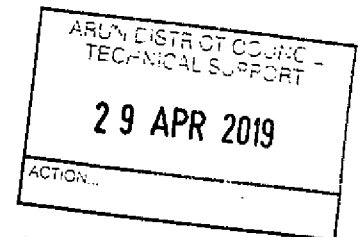

The roads around the proposed developments are already congested and unworkable. The addition of all these houses cannot be coped with on the local roads. There is not any provision for road improvement. The journey from Puyham to Chichester is already a nightmare... please sort the roads out before starting to think about houses on the scale proposed

Dear Sir/Madam

Hook Lane P/30/19/OUT

THIS AREA IS TOTALLY UNSUITABLE FOR DEVELOPING MORE HOUSES.

IN 1999, THE HOOK LANE DEVELOPMENT WAS REFUSED DUE TO THE IMPACT OF EXTRA TRAFFIC ^{AN ALREADY} IN ~~A MORE~~ CONGESTED AREA. TRAFFIC ROUTES TO THE A27 ARE ALREADY HORRIFIC, ESPECIALLY DURING PEAK, AND HOLIDAY TIMES. LOCAL AMENITIES ARE NOT ABLE TO COPE WITH EXTRA HOME DWELLERS, I.E. ST. RICHARD'S HOSPITAL, HEALTH CENTRE (WHICH CANNOT RECRUIT EXTRA GPs, etc.

PAGHAM VILLAGE IS THAT - A VILLAGE!! THE SURROUNDING AGRICULTURAL AREA IS VALUABLE LAND, WHICH IS MUCH NEEDED FOR THAT.

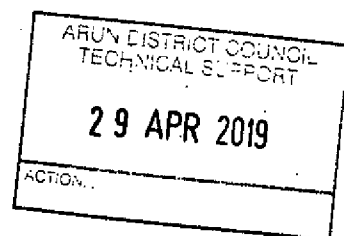

THE SEWAGE SYSTEM, TOO, CANNOT COPE, AND DURING THE HOLIDAY SEASON IS INADEQUATE!

THESE ARE JUST SOME (OF THE MANY REASONS) I AM OPPOSED TO THIS DEVELOPMENT.

Date: 6-4-2018

Dear Sir/Madam

Hook Lane P/30/19/OUT

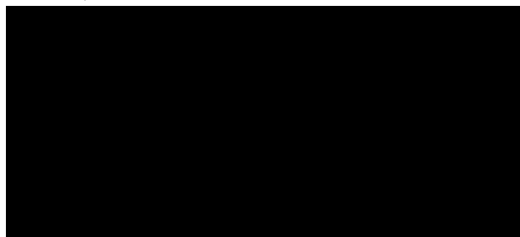

The sewers cannot take any more sewage. They have already emptied sewage into Pagham Rife which then ^{is} emptied into the ^{Sea}.

The south coast has the best climate for food production. and very good agricultural land. We must not build on it.

Most of our fields flood in the winter. If you build on this land it will raise the water table and neighbouring house will flood. The makeup of the soil results in constant movement so the buildings could constantly move.

The doctors surgery cannot cope now. and cannot recruiting new ones.

The development has already been refused because of accumulated traffic. from all the planning

Dear Sir/Madam

Hook Lane P/30/19/OUT

In all truth and honesty!!
I am Fed Up with all this building of
new homes all around the district. We
are being crushed by it all. Enough is enough
Saturation point has been reached.
Climate change is a big issue -
More flooding
No infrastructure roads because there isn't
the room.
Water pressure - Gas pressure dropping
Doctors - Hospitals all under pressure
Pagham Road all roads are at gridlock
And we need our fields for growing food
We cannot rely on imported food from
abroad.

Yours sincerely

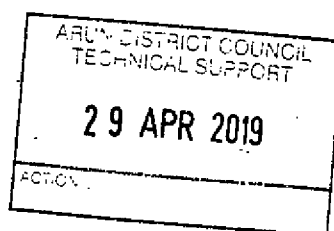

Please hold the planning enquiry in PAGHAM

Dear Sir/Madam

Hook Lane P/30/19/OUT

We were under the impression the housing development for Hook Lane had been turned down as infrastructure could not be able to take so many houses. We now hear the decision not to build has been appealed! This is extremely worrying as the Pagham Rd is already groaning under the amount of traffic using the road. Our sewer can't cope with so much additional housing either. Our GP surgery already very stretched and will not be able to cope with many more patients.

Pagham suffers from flooding. In fact the field at Hook Lane often has accumulation of water!

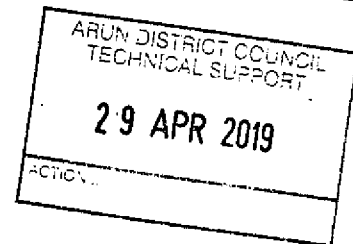

20 years ago builders proposed to build hundreds of houses on that same land but they were turned down as our infrastructure couldn't support it! How can that change? It hasn't! It's not viable.

Dear Sir/Madam

7, Nyetimber Close
Bognor Regis,
West Sussex
PO21 3HW

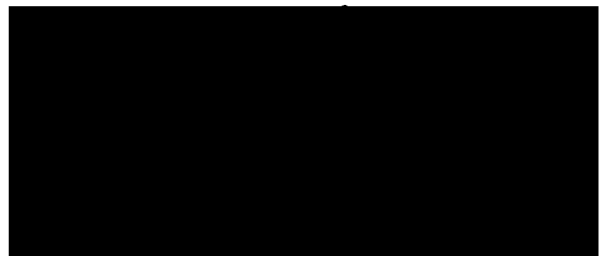

Hook Lane P/30/19/OUT

With the prospect of thousands more houses being built in Bognor, the simple fact is that the local amenities, - doctors surgeries, schools, hospitals etc will be swamped and unable to cope. The journey to Chichester is already a nightmare, polluting the air sitting in traffic jams.

Having recently needed the services of a doctor, it was necessary to wait a fortnight for an appointment - not difficult to imagine what the position would be if the population in this area were to increase by thousands more. The addition of many more houses in this area can be summed up in one word - lunacy!

Any inquiry in this matter MUST be held locally - NOT in Littlehampton

Dear Sir/Madam

Hook Lane P/30/19/OUT

Dear Sirs,

I would like to protest about the proposed houses to be built in Hook Lane.

ITS IMPOSSIBLE to get to Chichester by 9am - traffic is gridlocked. Together with the Free School its impossible to get to Chichester. We have to leave at 7.45am to get there.

1,250 dwellings x 4 = 5000 extra bodies. If there are 2 children on average = 2500 which will need Schoolings or will be a percentage of car owners. At least ~~2,500~~ x tra vehicles clogging our roads.

DRS. appts already difficult to come by.

People ^{living} in road who are in catchment area cannot now get their children into Rose Green School. They are being sent to the Free School in Chichester/Hunston - hence more traffic.

Our water pressure has become very low.

We need ~~at~~ the planning enquiry to be held in Pagham.

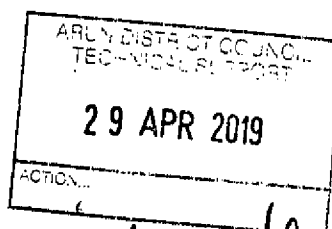

Sincerely

Please reconsider all these applications
for any one of these reasons:-
It is already impossible to drive to
Chichester, what the roads will be
like following the new houses,
I can't imagine.
Where all the waste will go is
another question? Hospital & school
access?!
So many questions.
Also next time there is meeting;
the appeal hearing, please hold it
when we can all attend in
Papham.
Many thanks for your attention.
