Dear Sir

re: Application P/30/19/OUT

The amount of housebuilding in Pagham is becoming quite concerning, particularly developments on farmland and little of the housing is affordable homes for local people on smaller developments.

We are writing to object to the proposed development on the Hook Lane site. The infrastructure is not there to support existing developments, let alone the Hook Lane site. New schools, medical facilities and jobs are required, all this will generate traffic on inadequate roads and increase pollution.

We are so fortunate to have a nature reserve like Pagham Harbour, where wildlife can still flourish and people can enjoy. Housing developments continually impact wildlife.

The application for the Hook Lane site was not approved on the grounds of too much traffic on inadequate roads. We understand that Hallam Land Management has re-submitted their application, we very much hope it will be again refused. Please support the community on this issue.

Yours faithfully
