

APPLICATION NO: P/30/19/OUT

I agree with the conclusions of the heritage desk-based assessment regarding the likely archaeological potential of the site and the need for this to be evaluated in order that the impact of the development on anything of interest might be properly mitigated. I therefore recommend a version of standard planning condition ARC1 as follows:

No development shall take place until the applicant has secured the implementation of a programme of archaeological work in accordance with a written scheme of investigation which has been submitted by the applicant and approved by the Planning Authority.
