Dear Sir/Madam

Town & country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Outline application with some matters reserved for the construction of up to 300 No. new homes, a care home of up to 80 beds, D1 uses of up to 4,000 sqm including a 2 form entry primary school, the formation of new means of access onto Hook Lane & Pagham Road, new pedestrian & cycle links, laying out of open space, new strategic landscaping, habitat creation, drainage features & associated ground works & infrastructure. This application may affect the setting of a listed building (resubmission following P/6/17/OUT).

Land north of Hook Lane Pagham

Thank you for your internet representation made on 12th May 2019 which has been recorded as '**an objection**' with the comments as follows:

I object to the plan proposal of a further 300+ homes being built in the said location. Pagham is being overwhelmed with the relentless building of new homes which will have a huge impact on the already over developed village.

The traffic has been increasing over the last few years, particularly along Lagness Road which causes undue stress to people's lives, not to mention the roads which are not able to sustain the level of traffic which now uses that stretch of road, after all is a B road not an A.

Wildlife will be significantly affected, surely we are trying to protect our wildlife not loose them. There has been concrete evidence that Brent Geese have been seen on the open fields on the proposed site. We are seeing more Foxes than ever within the village of Pagham, as more of their natural habitat is being consumed with over development.

I would also draw you attention to the already agreed plan to build additional homes on top of this proposal. If this gets approved there will be even more of a strain on schools, doctors surgery's, and public services, which is already at breaking point.

There is no current infrastructure to sustain the proposals being planned. I would seriously object to the proposal, Pagham is a village not a town, and should maintain that heading.

Unfortunately it is not possible for the council to respond to each representation individually but your views will be considered before the application is determined and I shall write to inform you of any decision made.

If the application is to be determined at the Development Control Committee and your letter has been received after the agenda has been published, you will not receive a separate letter notifying you of the date of the meeting and the procedures for public speaking. In such circumstances, it is recommended that you track the progress of the application on the website or telephone for further information. Please be advised that any comments received after the the Development Control

Agenda has been produced will be reported to the meeting. Please also note that only a small number of all planning applications are determined at the Development Control Committee, most are determined by officers under delegated power.

All representations are published on our website so please make sure your views are clear and only include information that you are happy for the public to view. Do not include personal information or information from third parties unless you have their permission to do so. If a complaint is received that permission has not been given for comments included about a third party, the Council reserves the right to redact/remove all relevant information. Yours faithfully
