Dear Mr Easton

Re: Planning application P/6/17/OUT Hook Lane Pagham
Name Mrs Felicity Jane Pilbeam of 10 Cherry Close Aldwick PO21 3BA

I am writing to object to the above planning application yet again! My reasons for this are that nothing has changed since the previous application that was turned down.

1. The road is still inadequate for the traffic and juggernauts coming in and out of Barfoots and Hills to collect food for supermarkets. There are a lot of accidents already on this **B road**. The queues every morning and evening are nose to tail and then you cannot get onto the A27 to get to work.
2. There are not enough doctors surgeries in the area and you have to wait a long time for an appointment where are all these people going to go to see a doctor?
3. The schools in the area are full and they are only making provision for a Primary School what happens after that? Where will all these extra children go to Junior and Senior School?
4. This is prime farmland not building land! We need to be able to grow food to feed ourselves not import everything this particular area has a warmer climate than the rest of the UK so it should be kept for farming.
5. Pagham is already in danger of flooding the fields flood when we have heavy rain where is that going to be diverted to?
6. The stress on all the Utilities will be unsustainable.
7. They say they will provide a care home for 80 people. Who is going to run that as at the moment they are closing care homes down because they are not profitable! The council shut all their home and placed old people in the private sector but dictated what they would pay and care homes have not been able to run at a profit since this happened.

I really hope that you see sense over this application and refuse it yet again it will be a disaster for the area if all this building goes ahead.

Yours faithfully
