Date
17/04/2020

Dear Sir/Madam,

Proposal: Approval of details reserved by condition imposed under Ref P/58/15/OUT relating to Condition Nos 7- foul water drainage, 10 - discharge flows to watercourses and 11 - maintenance and management of SuDs.

Site: P/35/20/DOC: - Land at Summer Lane, Pagham, PO21 4NG.

Thank you for your letter dated 03/04/2020.

Southern Water shall have no objections to discharge condition 07 relating to foul drainage.

No discharge of foul sewerage from the site shall be discharged into the public system until offsite drainage works to provide sufficient capacity within foul network to cope with additional sewerage flows are complete. Southern Water is currently in process of designing and planning delivery of offsite sewerage network reinforcements. As previously advised Southern Water seeks to limit the timescales to a maximum of 24 months from a firm commitment of the development.

The developer is currently in consultation with Southern Water with regards to Section 104 agreement for adoption of sewers under our reference SWS.S104.002631. On site drainage should be constructed as per details to be agreed with Southern Water under Section 104 of the Water Industry Act.

The Council's Building Control officers/technical staff and the Environment Agency should be consulted regarding condition 10 and 11 for surface water drainage.

Southern Water has no comments to make on other conditions.
