Subject: Replacement Dwelling - 30 Lagoon Road, Pagham - PP-06841574.

Dear sir/madam,

I have just submitted the above planning application but the Flood Risk Assessment was deemed too large to go through the Planning Portal, accordingly I attach a copy of the document which I would be grateful if this could be added to those already in your possession.

The Design and Access Statement is nearly finished and a copy of this will also be forwarded to you when ready, however, I understand that this is not a validation requirement and as such should not hold up the process of the planning application being made complete.

Please let me know if you have any queries.

Kind regards,

Kind regards,

Chris Moore
