REF. PLANNING APPLICATION.
P/38/19/PL.

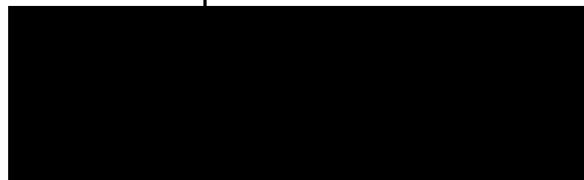

Dear Sirs,

I wish to make a strong objection to the proposed application P/38/19/PL.

This application for a huge number of caravans to be sited onto a prime rural location would set another precedent to sacrifice yet another area of top grade agricultural land. Also an increase of some 186 people to the local population would put further pressure on our already over stretched Pagham G.P. Surgery.

It would increase yet more traffic movements on a particularly dangerous bend on the Pagham Road.

Yours Sincerely

ANDREW. R. DOVE.
