Dear Paul,

We have received objections from two people which refer to land ownership issues and which state that "The applicant's design and access statement states that their parent group also owns Newlands Nursery. I attach a copy of the title for Newlands Nursery which shows clearly it is not." Please therefore also see the attached land registry documents which they have submitted. Please note that the two letters and the LR documents are on our public website. I would be grateful if you could comment on the issue of ownership as if indeed the land is owned by another party then we will need you to serve notice on them and provide us with copies of the service form and an amended ownership certificate.

Kind Regards
