Subject: Development Control Committee meeting 24th June 2020 P/40/20/DOC

Dear all

At a meeting of its Planning Committee held yesterday 16th June 2020, Pagham Parish Council considered the officer's report to the Development Control Committee to be held on 24th June 2020, in relation to the above numbered application, and the partial discharge of Condition 34 (WW2 Infantry Section Post Retention Strategy). The Parish Council would like to make the following comment regarding the report:

The partial discharge looks to agree the method for retaining the Infantry Post on the site. The Council believes that the application submitted does not achieve the aim of Condition 34, to **retain** the Section Post. Neither statement referred to in the officer's report specifies that the WW2 Infantry Section Post will be retained. The Council is concerned that accidental damage will be caused to the structure during the investigation proposed under this partial discharge, which could result in the destruction of the Post. The Council supports the comments submitted by planning consultant Paul Collins dated 16th June 2020 regarding the treatment of the discharge of the condition, and would urge members to REFUSE the recommendation in the officer's report on the basis of his comments and ours.

Best wishes

Nicola Swann
Clerk & RFO
