Dear Murray,

Town & Country Planning Act 1990 (as amended)

Town and Country Planning (Development Management Procedure) (England) Order 2015

Approval of details reserved by condition imposed under P/30/19/OUT relating to conditions 5-schedule of materials and finishes, 10-surface water drainage, 11-discharge flows to watercourses, 12-maintenance and management of surface water drainage system, 14-foul drainage system, 15-external lighting, 16-Construction Management Plan, 22-existing vehicular access onto Sefter Road and Pagham Road have been physically closed, 23-plans and details and timetable for installation of dwellings, 24-pedestrian and cyclist access points, 27-Broadband provision, 29-enhancement of existing hedgerows for use by bats and 33-Electric Vehicle Charging Strategy.

Land North of Hook Lane Pagham PO21 3PD

Notification regarding the above application:

Condition Number 16

Prior to the commencement of development, including any works of demolition, a Construction Management Plan shall be submitted for approval in writing by the Local Planning Authority. Thereafter the approved Plan shall be implemented and adhered to throughout the entire construction period. The Plan shall provide details as appropriate but not necessarily be restricted to the following matters:

- the anticipated number, frequency and types of vehicles used during construction,
- the method of access and routing of vehicles during construction,
- full details of the construction compound,
- soil resources plan,
- dust mitigation measures,
- noise reduction measures,
- the parking of vehicles by site operatives and visitors,
- the loading and unloading of plant, materials and waste,
- the storage of plant and materials used in construction of the development,
- the erection and maintenance of security hoarding,
- the provision of effective wheel washing facilities and other works required to mitigate the impact of

construction upon the public highway (including the provision of temporary Traffic Regulation Orders),
- details of public engagement both prior to and during construction works.

Reason: In the interests of highway safety and the amenities of the area in accordance with Policy D DM1 of the Arun Local Plan. It is considered necessary for this to be a pre-commencement condition because of the safety and amenity issues that need to be addressed.

Decision:

Arun District Council have decided to **REFUSE details reserved by condition for the following reasons:**

The condition is not discharged due to a lack of clarity as to the routing for vehicles accessing the site from the wider highway network. It is accepted that some deliveries may need to arrive from the east but this should not be the predominant direction for construction traffic to arrive from or depart to.

Please do not hesitate to contact the above officer if you require any further assistance.

Yours sincerely

A handwritten signature in black ink, appearing to be 'NC' followed by a flourish and a period.
