Hi Nicola,

Could this be included as a substitute plan please?

Form to follow.

Thanks

Richard

Many thanks

I can see what has happened. The scale on the drawing states 1:50 which scales to show the rear extension overall as 2.9m deep which is the same as originally approved.

Can the scale be amended to match the dimensions shown on the drawing?

Regards,

Dear Sirs,

Please find attached revised drawing 1194/4b giving the dimensions of the extension as built.

This construction was built for an elderly couple but the clients were not aware that the contractors who carried out the works had not adhered to the agreed plans and therefore the construction is larger than anticipated.

The elderly couple have been living in what can only be described as a building site for almost a year trying to get the matter approved. It would therefore be appreciated if the alterations could be treated as minor amendments, but if a full re-submission with amended drawings is required perhaps you would advise me accordingly.

I look forward to hearing from you.

Yours faithfully,

Christopher Barrow
