Simon,

I would suggest that the HGV movements leaving the site are still restricted. So that the extended hours are typically used for onsite working rather than lots of deliveries.

Dear Peter,

We are still in the standard consultation period which ends on the 9th July and we cannot make a decision until after that date. We have not yet had the Parish Council comments and their response will dictate whether this will be a delegated or Committee decision.

Our Environmental Health Officer has asked that you confirm whether the hours of deliveries to site also applies to removals from site. They state that the current document could be interpreted to read that HGVs and other heavy/noisy vehicles can leave the site up to the requested 21.00 hours. They think this would be unreasonable and not in keeping with the submitted noise management proposals.

Kind Regards
