Dear Peter,

Environmental Health state no objection but request that periods of respite from the building works for the occupants of neighbouring dwellings are incorporated into the application.

Would you be prepared to incorporate such? It could be that there is no work carried for a certain period every x number of days .. etc If so, can you amend the Extended Hours Management Plan to reflect this.

Please note that the Parish Council have objected and so if we are to approve the application, it will have to go before the Development Control Committee. The next available Meeting is the 29th July and I will need to have the report finished by the 6th July so will ideally need your response next week.

Kind Regards
