Hi Simon,

As we currently do not have any complaints regarding this site, the proposal would seem reasonable.

Thank you,

Kate.

Kate,

They are suggesting a respite period/break every Friday night. On this basis, would this meet your previous comment? Can you come back to me today.

Simon

Good morning Simon,

In light of your email we have reviewed the hours and would suggest the following amendment:

The current approved hours are:

Monday to Friday: 8am – 6pm

Saturday: 8am – 1pm

Revised temporarily extended working hours:

Monday to Thursday: 8am – 9pm

Friday: 8am – 6pm (*i.e. no change from the approved hours*)

Saturday: 8am – 4pm

I appreciate that this will need to go in front of the Development Control Committee but before I update the Extended Hours Management Plan can you confirm if this is potentially in line with your thoughts?

Regards

Dear Peter,

Environmental Health state no objection but request that periods of respite from the building works for the occupants of neighbouring dwellings are incorporated into the application.

Would you be prepared to incorporate such? It could be that there is no work carried for a certain period every x number of days .. etc If so, can you amend the Extended Hours Management Plan to reflect this.

Please note that the Parish Council have objected and so if we are to approve the application, it will have to go before the Development Control Committee. The next available Meeting is the 29th July and I will need to have the report finished by the 6th July so will ideally need your response next week.

Kind Regards
