Simon

The above planning permission related to the installation of 22 caravan bases for 22 static caravans. Condition 7 required submission and approval of an archaeological WSI. This condition was discharged on 13 October 2017 (P/49/17/DOC). The approved WSI stated that the final report will be issued to the CDC archaeologist for approval and then issued to Arun District Council (para. 7.20). In accordance with the WSI, for the Council's records please find attached the relevant Archaeological Watching Brief Report that has been approved by James Kenny at Chichester District Council.

Kind regards
Rachel
