REF.
PLANNING APPLICATION P/4/21/PL:
ARUN DISTRICT 15 FEB RECEIVED
ARUN DISTRICT 15 FEB RECEIVED

Dear Sirs.

Would you please accept my comments in agreement with planning application P/4/21/PL:

At last a planning application that will make an important local contribution to the Environment and climate change issues that our local councils and central government warn us we are facing unless immediate action is taken. If A.D.C planners are in agreement then they must consider this application seriously as it does give an alternative to the apparent approach that this area of agricultural land in question has only one other viable use and that is it to suffer irreversible destruction by a seriously environment unfriendly ingredient called concrete.
