Ref planning application P/51/13/ Mr P Gilbert

Dear Sir/ Madam

I would like to offer my objection to this plan for rear facing dormer extension on 9 Shirley Close in an area that is all Bungalows .

This feature would stick out as a visual blot on the area and set up a precedent for other people to apply to do the same there destroying An estate built predominantly of Bungalows also it would over look rear gardens of other properties giving rise to loss of privacy to the occupiers now and future residents this in turn making the sale of properties more difficult.

I feel that people who move into an area like Kings Beach estate do so because it is a bungalow estate and offers some seclusion

Yours Sincerely
