Dear Mr Davis

Thank you for your response which is noted.

Based on this response I can only conclude that ADC does not require any further information from me as the applicant in order to determine my application by the due date.

As to P/167/21/RES,P/158/21/RES,P/155/21/RES,P/153/21/RES P/167/21/RES I can only note the total lack of any internal liaison between case officers and consultees dealing with current applications on the same site that this demonstrates and will await a response from Mr Easton in that regard as I note that he has been copied in on our correspondence.

In previous correspondence you confirmed that you had consulted with WSCC Highways , WSCC Public Rights of Way, our Ecologist, our Landscape Officer, our Drainage Engineer and Natural England. Please can you confirm that these Consultees are expected to respond by 13/5/22.

Now that you have accepted the revised description I will provide an updated Planning Statement and substitute Indicative Block Plan so as to reflect same by the closure of the consultation period on 13/5/22.

Thanks

Paul Collins BA (Hons) DipTP
