Dear Mr Davis

Further to our correspondence below I now attach a Substitute Indicative Block Plan which reflects the description changes and an Existing Access Plan which provides details of the existing vehicular access into the Local Centre Land on which the proposed change of use for this part of the site intends to rely.

Given that ADC has not requested any further information I now request that ADC proceed to determine my application as now submitted and amended. I understand that the application may be determined under delegated powers at any time after 13 May 2022 and if that is your intention please can you confirm that this is the case and your intended recommendation and date of decision. Alternatively if it is your intention to determine the application by way of the Planning Committee please can you confirm the intended date of that Committee and your intended recommendation.

In either case if you do intend to recommend that permission is granted subject to conditions please can you provide a draft of your suggested conditions so that we discuss same.

Thank you

Paul Collins BA (Hons) DipTP

Dear Mr Davis

Thank you for your response which is noted.

Based on this response I can only conclude that ADC does not require any further information from me as the applicant in order to determine my application by the due date.
