Engineers Comments Regarding Surface Water Drainage

Thank you for consulting us on this application. We have the following comments on surface water drainage.

We have no objection to the proposed change of use from a drainage perspective.

Should the application be successful and future more detailed applications be submitted we will require supporting information to be supplied regarding drainage. Further detailed information would then likely be secured through our standard drainage conditions. Further details on our requirements for avoiding pre-commencement conditions can be found in our guidance notes and checklist which are located here: <https://www.arun.gov.uk/surfacewater>.

Any alteration to existing land drainage systems, including connection to, culverting or bridging existing watercourses will also require Ordinary Watercourse land Drainage Consent, available through West Sussex County Council.

Kind Regards

Sarah Burrow
