Subject: Planning Application for Solar PV Ground Array, Bowley Farm, Bowley Lane, West Sussex

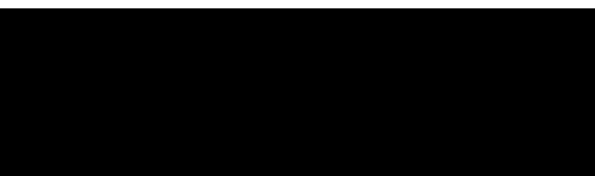

Good Morning,

As advised by a member of your team please find attached our full planning application for the installation of a 100kWp Solar PV Ground Array at Bowley Farm, Bowley Lane, Chichester.

We had previously applied through the Planning Portal for this site. Due to the postcode of the domestic property 'PO20 1NB' the application was sent to Chichester DC, although the location of the PV Array actually falls within your territory. Please contact me on the number below if you have any questions.

Kind Regards

Chris Bignell
