Dear Sirs

We wish to object to the above planning application at The Inglenook Hotel in Pagham for the following reasons:

- ① It won't necessarily make the entrance any wider and certainly not safer.
- ② The Pagham Road is already becoming a fast and dangerous road and more traffic waiting to turn into this drive will only increase this risk.
- ③ Residents on the Mill Farm estate waiting to pull out into the road already are finding it difficult with obstructed vision from parked delivery vans and lorries ignoring yellow lines.
- ④ With potentially new family homes being built foot traffic will increase from the new estate and this new entrance will just not be wider or safe enough for prams, mobility scooters etc.

Please give these objections serious consideration.

Yours faithfully
