

22nd July 2019

Mr. and Mrs. Malcolm Mays,
22 Mill Farm Drive,
Pagham, PO21 3UE

Dear Sirs,

Re: Planning Application P/53/19/L for listed Building
Consent for The Inglenook Hotel.

Deadline for objections 1st August 2019.

We would like to put in writing our objections to the proposed demolition of a chair store and realignment of a wall to allow a development of houses to the rear of The Inglenook Hotel. These proposals will not make the access any more feasible, as the lane to the store is not wide enough for any more than one car, let alone a refuse lorry or fire engine, so one going to the Hotel's car park or the new houses will not be able to pass cars coming out, or indeed see them until both are moving. Also people walking down the lane have to stand on the Hotel's private entrance steps if a car comes along now, so how bad would that become with families with prams etc. once houses are there? The whole idea is ridiculous. The Paddock has always been a green space for wildlife and we do not need yet more housing close to us after the new development on the other side of it.

Please come and look and you will understand our concerns.

Yours faithfully
