PO21 3UE

Dear Sir

Re Planning Application P/53/19/L

Please accept this as our objection to the above as a resident of Mill Farm. It is a very disatisfactory reason to hopefully gain access to the proposed paddock development. This contravenes NPPF item 189.

The proposed demolition will NOT help already very congested Pagham Rd with so many road entrances/exits leading to the already slow moving congested area.

If this is passed the proposed road will only be suitable for SINGLE TRAFFIC PLUS PEDESTRIANS. ? minimum width required?? Taking into account DUSTCART, FIRE & AMBULANCE services.

The Ingleside is a listed building and surely the amount of vibrations from traffic must be detrimental to such a building. Taking into account the amount of houses being developed in this area. Restricting so many elderly enjoying village life and the services it offers.

We object to this application vigorously.
Yours faithfully
