

OBJECTION to P/53/19/L

22nd July 2019.

Mrs B R Hicks,

19 Millfarm Drive,

Bognor Regis, West Sussex,

PO 21 3 UE

Dear Sirs,

The plan to make the Inglenook Hotel side entrance wider, is a bad plan, making the entrance

A bit wider will not make the rest of the lane wider; it will have to accommodate, Fire engines,

Ambulances' Enormous refuge Lorries, they would struggle to get down there, if the plan is excepted

We all know that two and a half stories homes 9 will be built, these homes at such a size will have

Big family's all the above vehicles will at times be needed, emergence vehicles need at times to move

Fast, I don't know how they're going to do that, there could be a movement of up to 40 people

including children, using The same path safely, I don't know how, let's hope it will not be like baby P

Some years ago, that needed help, but it came to LATE

Yours Sincerely.
