Application for removing the corner of the Inglenook Hotel. P/53/19/L

Dear Sirs Madame,

I would like to object to these plans as,

1. The drive will still not be big enough to get anything other than a small car down it, regardless, of what you are being told by the developers.
2. This will make the twelfth exit on to the road, in 200 Yards.
3. The infrastructure is not there.
4. It is already dangerous, as the cars come out of the entrance across the pavement, there has been many near misses.
5. I am a Manager of Mill Farm Residential Park Homes, of which we have 271 Homes here and they are nearly all old people which use the footpath (pavement) to get to the Zebra crossing, they all have to walk passed the entrance to the Inglenook Hotel, some of them are blind, and this would cause so much more danger for them.
6. These plans to demolish a wall of the Hotel are, so that the owner can get approval to put 9 houses in the horse field behind the hotel, (not affordable homes) which will destroy this estate as the homes that he proposes to build in front of, will loose all their light. Their homes which are made of wood will turn green and go mouldy. These residents have saved up all their lives to live out their pension years in a quiet, sheltered estate. Now they will be in the dark for ever if this goes ahead, not to mention the loss of a business that will be forced on us by greedy hotel owners, who do not care about anything except the back pockets.

Yours sincerely,

Mrs L Cropley Site Manager.
