REF P/53/19/L

Dear Sirs, our attention has been drawn to the fact that an application has been made to widen the passage beside the Inglenock Hotel. This obviously is with the intention to allow later the building of houses on the paddock at the rear of the hotel.

We would be most grateful if you would carefully consider this application bearing in mind that this passage is close to the entrance of the Mill Farm Estate. Both the Mill Farm Estate and the Mill housing complex, a little further along the Pagham Road, are for largely elderly people. It can already be difficult to access a safe turning from the Mill Farm Estate onto the Pagham Road when there are delivery vans or special functions at the hotel as the parking makes

it difficult to see oncoming traffic.

The widening of the passage would mean that not only would there be more cars but also more delivery vans and very large service and construction vehicles close to the Estate entrance.

As you will appreciate, because of the nature of both the Mill Farm Estate and the Mill complex, there are more than the usual amount of elderly people and those who have mobility problems.

Thank you for reading this letter and considering our concerns.

Yours sincerely,
