Dear Sir/Madam

PLANNING APPLICATION P/53/19/L

I wish to object to this application for demolition of chair store at rear of Inglenook Hotel. in which would only create a layby so an oncoming car could get passed. The demolishing would still not create a safe access for two passing cars or larger vehicles.

This is a busy pathway used by residence of Nymtumber with many older residence of slower mobility so would make it very difficult in having another busy road to cross in such close proximity to the newly built homes by Crayfern.
