Dear Neil,

Forwarded herewith is an email I have received from Mr. Terence Hicks. It seems to me that he is anxious that his comments should be passed on to the firm who will be assessing the access arrangements for the Council. Can you do this?

Regards,
Hugh Coster

Dear Councillor, I was at the meeting on the 6th November, when it was discussed about the entrance to the new development, from Pagham Road, was too dangerous to be used by pedestrians and all types of vehicles at the same time, I was also so pleased to see so many hands go up for a revisit, the only thing I am worried about is a revisit, on a quite day, because it would be like looking at a football ground when the team is playing an away game. I have pictures of people parking on pavements on busy days, when there are weddings and other functions its manic, also the very popular Sunday carvery, I have lived here for 25+years and many times seen cars reversing back onto Pagham Road, because they CAN'T SEE what's coming out until they get to the bend which is sharp right, there will also be extra traffic there when Church Farm Caravan site openings again March 2020. thank you for your time reading this. Mr Terence Hicks R V M.
