Dear Sir

Re: Plans (P54/17) Ph Church Farm
Bosham Leasing LTD)

We wish to object to Church Farm
Holiday Village staying open for a
extra month each year.

Our property is on the corner of Matlett
Way and Swan Dene with our garage
in Matlett Way, all summer we
have had to have coaches & Church
Farm employees parking in Matlett
Way blocking our garage because

Church Farm we'll not let them park in the park because they have NO ROOM for them. To park they have more than enough room to make a new car park.

The Security people on the gate tell them to come and park on the road, but why should they, the coaches come to the park and should stay there. The Council have been informed about this many times, but you have done nothing.

If the Councillors have any back bone then please say no to this application, and one other thing is that they don't

maintain their boundaries, they
have got that over hanging the
road & beginning to block our
light

Yours faithfully
