Dear Ian, thank you for returning my call this morning. We discussed your comments on the Design Code and I relayed that we intend to omit the east-west cycle link that you referred to and will shortly be submitting a revised version which takes account of this and other changes. We also discussed cyclists on the Spine Street (ie the length of highway between Hook Lane and Pagham Road); your advice is that, given the residential nature of that road, the lightly traffic nature of that residential road and predicted traffic speeds, cyclists can and should be accommodated on carriageway and that this would accord with MFS. A segregated cycleway would not be encouraged. I have included Raymond Cole of the District Council so that he is aware of our discussion. Thank you again for your time this morning. Kind regards, Owen

Owen Jones
Director
