Miss N Spencer

Thank you for your letter dated 15th June 2015 acknowledging the submission of my Clients planning application via planning portal last week (ref: P/58/15/OUT).

Unfortunately, I have been notified by my Client that there were 3 additional Notices that needed to be served. On the basis that I am not able to serve Notices after the submission of a planning application, I have re-served all the original Notices in addition to the additional ones (copy attached for your information), and have revised the declaration date on the planning application form accordingly.

Apologies for any inconvenience caused, and I look forward to receiving formal notification that the application is valid in due course.

Please do not hesitate to contact me should you have any queries.

Kind regards

Amanda
