Dear Mr Davis

I am writing in support of the application in Summer Lane Pagham for the following reasons. The majority of the land in question has been unused for decades and would better serve the community as much needed housing. The major housing problem that this area faces is couples and individuals moving to the area to retire and purchasing property that would be perfect for a young local family. I would welcome a survey to determine how many wasted bedrooms there are in the area, there is a definite trend for retirees to move to the village and purchase inappropriately sized family homes driving up prices and making it impossible for young genuinely local families to buy where they were born. The argument that traffic on Pagham Road would be hazardous would be simply rectified if the Mill Farm Estate would allow its own residents to park on the site, Because they are not authorised Pagham Road has essentially become a car park for these residents, Incidentally the same residents making objection to this proposal, I find this to be incredibly hypocritical.

I whole heartedly support this proposal as it would bring suitable housing, sensitively designed and utilising land that was previously scrub as important community leisure space.

Kind regards

Jonathan Perry
