For the attention of Simon Davis

Dear Sir

Reference Planning North of Summer Lane Pagham P/58/15/OUT

With regards to the proposed houses north of Summer lane for what I believe is 90 houses.

I write in connection with the above planning application. I have examined the plans and the know the site well. I wish to offer my support to the proposal for the reasons outlined below.

I am aware of the concerns of some in the community that this proposal for infill development will damage the character of the village, however, I believe that Nyetimber and Pagham is a village well suited to sympathetic and well planned expansion, it could even hide the view of Mobile homes or glorified caravans that have crept along the horizon on the right hand side as you walk the lane. These houses would be in the background of a country lane that would help avoid a large housing estate that would be on full view of the whole village, it is tastefully designed with areas of flora, a village green, and social housing mingled in.

I have lived in this village all of my life, and being 31 years old with a family I really am excited at the thought of a new lease of life in the village.

Mr B Jennings
