RE: P/58/15/OUT

Dear Mr Davis:

I am writing regarding the Plans on the right down Summer Lane.

I was involved in a debate the other day with some residents from Mill Park, they were saying it would ruin the view, however, I had to remind them that not many years ago the Lane was free from the view of the roof tops of quite a few static homes, not the best of views in my opinion, and as these slowly crept along the view no one seemed to notice, not even some residents of the Lane.

Nyetimber and Pagham is becoming a younger community as you can see when you go to our lovely new local park by the Village Hall, and the dog area its wonderful, and a village green would be even better.

The view along the lane would be fine houses instead of roof tops along with landscaping, lessening the pollution sprayed around the crops that are growing around us causing loss of our beloved hedgehogs and causing irritation to our eyes and throats. We are desperate for social housing, places for people only allow Londoners to move to Rose Green, thats ridiculous to say the least.

I could get a thousand signature for if thats what it takes for us to move forward, its not even a big move as it would be hidden from the rest of the village.

I look forward to hearing what you think.

Yours Faithfully
