Dear Head of Planning

Planning application ref. P/58/15Out

I am writing to support the Pagham Neighbourhood Housing Plan as an acceptable and well thought out proposal.

Any more than the 90 dwellings in the plan would result in the loss of good agricultural land which can be avoided by a more imaginative approach to other sites especially when considering the high water table.

The traffic in the Pagham area at peak times is near saturation any larger scale development would be unacceptable.

Further can I urge you to implement our local plan and keep the housing allocation to within manageable limits in accord with our infrastructure.
