Dear Sir/Madam

Planning Application P/S8/19/PL

I wish to object to this application of the grounds that a further 9 Home to be built on the paddock at the rear of the Inglenook Hotel will not benefit young families in Pagham. With most homes now owning 2 cars it can only make Pagham Road extremely dangerous. The building of these houses would also be an intrusion of privacy on mine and many houses in my road, blocking light in many homes.

My understanding is that the paddock which was once used for Horses is now an over-spill car park for the Hotel when main car park is full. The Hotel holds many functions, Weddings, Parties etc and parking is always an issue therefore the paddock should remain an overflow car park and not ~~an~~ unaffordable homes
