Dear Sir/Madam,

Planning Application P/S8/19/PL

I wish to object to this application of 9 homes being built at the rear of the Inglenook Hotel as it would block all natural light of the south facing gardens that are enjoyed by the residence of Mill Farm Estate. Our homes on the estate are single storey, timber framed buildings that have fire regulations, ie no naked flames. These new houses would be able to have bonfires and fireworks which would possibly be a threat to our homes
