Dear Sir or Madam

With regard to
Planning - P/53/19/PL plus P/58/19/PL
on the prospect of houses being
built on the Inglesbrook site.

How many more side roads
from New Estate's leading on
to Pagham road are we to
try and cross just to get to
the only zebra crossing from
mill farm estate? how many
more people won't be able to get
a doctors appointment, how will
our only local shop cope? The
speed of lorries cars etc are
already a concern esp when
church farm Holiday park opens

in the season, also cars
parking along the road to
go to the innelook so as
not to go into their car park
I feel this is a step too
far with the already planned
houses in pagham

Please think before you
go ahead and ruin what
was once a village? and
a place where people felt safe
to live and enjoy life

yours sincerely,
