

OBJECTION to P/58/19/PL

188a Pagham Road

PO21 3QB

ARUN DISTRICT COUNCIL TECHNICAL SUPPORT
07 AUG 2019
ACTION...

Dear Sirs, Why can't we leave some green space, where small animals can live and thrive? I once lived in London and we had more green spaces there, than down here, these houses will not be affordable to young families trying to get on the house ladder, and the paddock will be too dense with 9 homes, the way in and out will be dangerous as it is, there are two entrances side by side Coming out at a bus stop on the other side of the road, highways should have a closer look at this, God forgive the person that signs it off as safe, because the first death will be on your head, Looking at the safety evidence, over the last 5 years there has been one serious accident and two minor ones Because no ambulance has been called or police involved, they think there's no accidents, what a joke, there are plenty of accidents, where people get hurt but drive or get driven to hospital.

Mr D Hicks.
