

OBJECTION to P/58/19/PL

Mr A Dyson,

25 Millfarm Drive,

West Sussex PO21 3UE

Dear Sir's

Concerning the building on the paddock, we on Millfarm are all elderly here, the homes, they may be going to build, will be behind people with a collective age of over a THOUSANDS years and when we pass on, there will be other owners of old age, there is an age limit of 40+ apart from grand children staying just for their school holidays are not allowed to live here, it is more like a retire Settlement, when it was turned into this park we were completely surrounded by farm land and private Gardens which made it ideal because we have rules set by Arun, No bonfires, fireworks, loud music Disturbing neighbours, no grass cutting after 1pm on a Sunday, okay you can put in the deeds for new homes that they can't do any of the Above, But who will police it, we have a management team here that will look after for us, a chap a few years ago was callusing a disturbance here, he was ask to stop, he did not agree, so he had to leave. Over a quarter of our home have lounges looking at the paddock, which will now have two stories homes looking down straight into their rooms. Going on to entrance and exit, this path, it's only a path wide, has never been used by people, from the Hotel car park, everybody walked from the car park into the back garden of hotel, never venturing along to Pagham road there was no need, now you want everyone from site to mix in together, just Think, children with NO actual path will be wandering all over the place, with not just cars that would use the old car park, now much larger vehicles, it's crazy, please think about what you are doing. Please don't let anyone get hurt, then say we have learnt lessons for the next idiot idea.

Thank you for your time reading.
