Dear Richard,

We have today instructed Wilbar to undertake the Road Safety Audit which they recommend in their Highway Review. However, I have spoken with Neil and he is happy that we can get the application on the February agenda despite the results of the RSA being awaited.

Kind Regards

Dear Simon

Many thanks for the report – which I will look at now. Can we assume that the application will be returned to February committee and that any response that we provide can be provided by way of an update?

Thanks

Richard

Dear Simon

I hope that you had a good break over the Christmas period.

We would be grateful if you could send the completed report to us as soon as possible. We require the finalised report to pass on to our highways consultants and to inform any kind of design response. We would not want this to be the cause of any further delays to this application.

Kind Regards

Richard
