Good afternoon Maria,

Further to my email yesterday, please find attached a copy of the Preliminary Bat Roost Assessment as required.

You will note from the report that the proposals will not have an impact on bats or their roosts.

If you would be kind enough to pass this on to the consulting ecologist with a view to a resolution as soon as possible.

Kind regards,

Tom

Dear Maria,

Further to the request for an ecology assessment for Grey Barn, I can confirm that the ecological consultant has now made their site inspection and is preparing the report.

I hope to have this information submitted to you over the weekend.

In the meantime, please can you confirm that the application will remain live until further notice.

Kind regards,

Tom
