Dear Sir,

re. Town & Country Planning Act 1990  
Application ref: P/64/13  
Coastal Protection work  
East scour mitigation scheme Pagham Beach

---

I refer to the above Application and would advise that as owner of part of the above application site, the Company has received Notice under Article 11 of the Application and the proposed work by the District Council.

The Company is in total support of the work, which it is hoped will stabilise and protect this section of the foreshore, which is currently experiencing localised erosion.

The Company has also offered financial contribution towards the cost of this coastal protection work.

Yours faithfully
