Hi Daniel,

Further to the below, I had a conversation with our Legal Service Manager this morning. She is advising that you either specify on a plan the exact line of the haul road or at least indicate how far from the eastern boundary it will be and how wide it will be. That way, we can be sure of what is proposed. Please do also respond to the points below.

Kind Regards

Hi Daniel,

Thanks for your email. I have had a call from a resident of Pagham Road this morning. The person accepted the reason for the road but wanted to know what the road surface will be, whether it will be one or two way, what will the exact line of the road be/how far will it be from fences and how long will it be required for? Are you able to provide some of this information so that I can relay it to residents.

Simon.
