Re: Application No. P/6/17/OUT – Hook Lane

I would like to register my objection to the above planning proposal on the following grounds:

more housing, therefore more cars, would add to the existing traffic delays commuting to Chichester and Bognor Regis, the number of HGV articulated lorries already using the road plus farm vehicles making journeys difficult.

The existing School could not cope with additional children and also the ONE, GP practice could not cope with any more patients – it is busy enough now when you have to queue up at the door before opening at 8.30 to get an appointment to see a Doctor.

Why should all the fields in the area be built on just because they are there. Birds and wildlife would disappear which would be a shame as it is a lovely area.

How can a small village such as ours sustain developments of some 1330 houses. It doesn't bear thinking about and is unsustainable.

Please consider NOT giving permission for these developments.

Yours faithfully

Mrs P. Boon
