Dear Sir/Madam

I would like to register my objection to the planning proposals as listed above

My main concern is the traffic which is already cause for concern the congestion in and out of the village is dangerous and peak holiday times with extra cars travelling to Church Farm we have witnessed some very near misses. The lorries who transport huge holiday homes are plentiful as well. The 30 speed limit sign is constantly lit up.

Wildlife is abundant in the fields and brent geese are a welcome sight, this would cease and our wildlife would suffer.

We witness the arrival of many bird watchers who flock to Pagham at rare sightings, Pagham would

loose this wonderful identity.
The farmland provides a source
of food production surely we
need more farmland not less
especially if we need extra
homes hence if we need to
build extra homes do not take
away our farmland we have
seen evidence of other sites
which would be of use and not
flood.

Flooding is a major problem in
this area. Extra homes would
create a bigger problem and
it has not managed to solve
the existing one yet.

Schools and doctors are already
at full capacity and the prospect
of building more are not guaranteed.
These are just a few of my
concerns, we have lived here since
2001 and it is a beautiful place.
Please don't spoil our beautiful
environment with houses and ~~roads~~
traffic.

Yours faithfully
Veronica E. Rumsey
